# PROJECT UPDATE: ACTIVITIES AND IMPLEMENTATIONS FOR APRIL

The WINGS Partnership is pleased to present in this newsletter the key activities undertaken in April. This month, educational programs designed to support professional development, social integration, and access to the labor market for women with a refugee background were successfully concluded.

A responsive, practical, and inspiring methodology was employed throughout the training process, considering the participants' needs. Activities extended beyond training; the implementation phase was further supported by regular partner meetings, during which progress was evaluated and subsequent steps were collaboratively planned. These meetings were instrumental in ensuring the quality and coordination of efforts among the partner countries.

### **SUBSEQUENT ACTIONS.**

Following a thorough online event on April 23, efforts to finalize the project will proceed. The concluding meeting is scheduled to occur in Prague on June 4-5, 2026. This meeting will provide an in-depth evaluation of the project activities, the results attained, and the lessons learned throughout its execution in the partner countries.

This process emphasizes the preparation of a comprehensive final report that meticulously documents all phases of the project. This report systematically encapsulates the project outcomes and outlines the final steps necessary to ensure sustainability and dissemination of results.
